

Mission 3

Mission three - programme planning Take the section's programme ideas to a programme planning meeting

This mission is all about gathering programme ideas from young people and turning them into action. You will also learn how a Group and District operate, and potentially present new ideas to them.

This mission should include:

- asking the young people in the section to contribute their ideas to the programme
- capturing the ideas and suggestions from the young people and exploring how these could be incorporated into their programme.
- attending and contributing to a meeting (eg programme planning meeting, leaders' meeting, District, County/ Region or Area meeting)

To complete this mission, you could:

- attend a section planning meeting
- plan and run a meeting (eg section planning forum or running activities from the YouShape resources)
- decide who should attend a meeting and invite them along
- organise and run a forum for the young people in your section, gathering their ideas and suggestions, and feeding these back to the section leader
- organise for someone to take notes, minutes or points of action
 - plan and run the Sixers' or Patrol Leaders' forum, ensuring that the young people in the section understand how they can input their ideas into the section programme
- any other ideas, subject to agreement with the ESLYL and SL

What did I do to gather ideas from young people? What did I want to achieve?

How did I turn those ideas into action and feedback the information?

What did I learn from this task? Why do we involve young people in programme planning?

What would you do differently next time?

Notes for the section leader:

Notes for the section leader: The ESYL has decided to complete mission three from the ESYLs' Scheme. The missions are a method of validating the information gained from the module training. The requirements of the mission are set out below.
